Chlamydia Testing

Chlamydia is an infection that is spread by having sex with one or more infected people. It can also be passed from an infected mother to her baby during childbirth.

Don't Delay!
Voucher expires
30 DAYS
from date
of service

Getting tested is important

Most people who have chlamydia show no symptoms, but if left untreated, it can cause serious reproductive and other health problems.

The good news is that chlamydia can be easily cured with the right medicine. A simple chlamydia test is recommended every year for all sexually active women age 24 and younger.

Both the testing and treatment are covered benefits for South Country members. Get tested at your annual exam or any visit to your doctor.

Have your doctor or nurse sign the attached voucher after your test. Then send it to us for the chance to win an iPod Nano and iTunes gift card!

- Women ages 18-24 and enrolled in South Country's MA or MinnesotaCare programs at the time of the test are eligible.
- Three drawings per year; winners will be notified by phone or mail.
- One test gives you three chances to win an iPod Nano and an iTunes gift card!
