

# Lead Tests

A quick and simple blood lead test is recommended for children by 12 months of age and then again by 24 months of age.

## Lead tests are important

Lead is sometimes found in dust, water, food and paint. Lead poisoning can affect your child's health by causing permanent problems in growth and development.

Children who are current SCHA members are encouraged to have a blood lead test by ages 12 and 24 months. **You can redeem a voucher for a \$25 gift card after each of the two tests!\***

## Receive your gift card reward

Bring the attached voucher to your child's appointment and have the doctor or nurse fill it out. Then mail it to South Country Health Alliance to receive your gift card!

- Children are eligible for one gift card between 9-18 months of age, and one gift card between 19-30 months of age.
- Child must be enrolled with SCHA on the date of service to be eligible for a gift card.
- **Remember:** all children should have a Well-Care checkup every year
