

MEDICARE PARTICIPATION ENROLLMENT GUIDELINES

Effective March 1st, 2026, claims for Medicare-covered services provided to Medicare members will be denied if the rendering or billing provider is not actively enrolled in the Medicare program at the time services are provided. This includes providers eligible to enroll in Medicare but are not enrolled.

This aligns with Centers for Medicare & Medicaid Services (CMS) guidelines, which states the following: No provider or supplier shall receive payment for services furnished to a Medicare beneficiary unless the provider or supplier is enrolled in the Medicare program.

This requirement is consistent with the CMS guidelines, which specify that providers and suppliers must be enrolled in the Medicare program to receive payment for services rendered to Medicare beneficiaries.

For more information, refer to [Chapter 10 – Medicare Enrollment](#) of the ***Medicare Program Integrity Manual***.

Providers denied from enrolling with Medicare or who already know they are unable to enroll in Medicare can submit their CMS denial letter or their Minnesota Department of Human Services (DHS) Assurance Statement to South Country Health Alliance. Documents can be sent via **fax to 1-888-633-4057** or **by email to Providerinfo@mnscha.org** to allow Medical Assistance (Medicaid) claims to process.
