Important Information

What is a list of covered drugs?

A list of covered drugs includes the prescription drugs covered by South Country Health Alliance (South Country). The drugs on the list are selected by South Country with the help of a team of doctors and pharmacists. South Country will generally cover the drugs listed in the list of covered drugs as long as the drug is medically necessary, the prescription is filled at a South Country network pharmacy, and other requirements related to the drug are followed.

Most drugs and certain supplies are available up to a 34-day supply. Certain drugs you take on a regular basis for a chronic or long-term condition are available up to a 90-day supply and are identified on this list of covered drugs as EDS in the notes column.

Does the list of covered drugs ever change?

The South Country list of covered drugs can change during the course of a calendar year. If changes affect the coverage of a drug you are taking, South Country will make reasonable efforts to contact you and your prescriber to tell you about the change. South Country will also tell you about alternative drugs that are covered.

Examples of some changes that may occur are:

- A drug you are taking is no longer preferred. (Refer to “What is a Preferred Drug List?” in the section following).
- A drug is removed from the list of covered drugs due to safety reasons.
- Prior authorization requirements have changed. (Refer to “Are there any restrictions on my coverage?”)

How are drugs listed in the list of covered drugs?

There are two ways to find a drug:

- You can search by drug type, or
- You can search alphabetically (if you know how to spell the drug)

To search by drug type, go to the section labeled “List of Drugs by Drug Type”. The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for a stomach condition, you should look in the “Gastrointestinal Drugs” category. That is where you will find drugs that treat stomach conditions.

To search alphabetically, go to the section labeled “Index”. The Index is an alphabetical list of all the drugs included in the Drug List.

What is a Preferred Drug List?

In Minnesota, all health plans are required to use the Minnesota Department of Human Services’ (DHS) Preferred Drug List (PDL). The PDL is created by DHS, in consultation with the Drug Formulary Committee, to let prescribers and members know about drugs or drug classes that are cost effective. Generally, drugs that are “preferred” are more cost effective and drugs that are “non-preferred” are less cost effective. Preferred drugs are available to members with fewer restrictions. Non-preferred drugs require a prior authorization. To get a non-preferred drug, your doctor or health care provider must get a prior authorization. The PDL is included as part of South County’s list of covered drugs. South

County's complete list of covered drugs includes other drugs in addition to those on the PDL. The PDL is available on DHS's website https://minnesota.primetherapeutics.com/links.

What are generic or biosimilar drugs?

A generic drug is approved by the Food and Drug Administration (FDA) and has the same active ingredient as the brand-name drug. It produces the same clinical effect as the brand-name drug.

A biosimilar drug is an FDA-approved biologic drug (most often an injectable prescription drug) that is highly similar to an already-approved biological product. It has no clinically meaningful differences in terms of safety and effectiveness.

Generic or biosimilar substitution means a generic version or biosimilar version of a drug is given instead of the brand-name or non-biosimilar version of the drug.

South Country will cover the brand name or non-biosimilar version of the drug only when:

1. Your prescriber informs South Country in writing that the brand name or non-biosimilar version of the drug is medically necessary; OR
2. South Country may prefer the dispensing of certain brand name versions over the generic or non-biosimilar version over the biosimilar version of the drug; OR
3. Minnesota Law requires the dispensing of the brand-name or non-biosimilar version of the drug.

Within the list of covered drugs, brand name drugs are capitalized, (e.g.,JANTOVEN) and generic drugs are listed in lower case letters (e.g., amoxicillin).

What are over-the-counter drugs?

Drugs and products that are available for purchase without a prescription are referred to as over-the-counter (OTC). Although an OTC product is available without a prescription, if a doctor writes a prescription for an OTC product, South Country may cover it. Within the list of covered drugs, OTC drugs and products are identified as 'OTC' in the notes column.

What are specialty drugs?

Specialty drugs are used by people with complex or chronic diseases. These drugs often require special handling, dispensing, or monitoring by a specially trained pharmacist.

If you are prescribed a drug that is on the South Country Specialty Drug List, your prescriber will need to send the prescription to South Country's specialty pharmacy.

Name of Specialty Pharmacy: AcariaHealth

Phone and TTY: 1-800-511-5144 or 711
Fax: 1-877-541-1503
Hours of Operation:

Monday - Friday 8:00 AM – 9:00 PM CST

Saturday 8:00 AM – 2:00 PM CST

After hours: AcariaHealth provides an On-Call service for after hours, so patients may speak with a pharmacist 24 hours per day, 7 days per week, and 365 days per year.

- https://acariahealth.envolvehealth.com/

The Specialty Pharmacy will contact you to set up your account after you have authorized your prescriber to send the prescription to the Specialty pharmacy and receive authorization from South Country Health Alliance.

What if a drug is not on the list of covered drugs?

- Not all drugs are covered. If a drug is not listed in the list of covered drugs, you can call Member Services at 1-866-567-7242, TTY users call 1-800-627-3529 or 711, and ask if the drug is covered. If not, it is considered a "non-formulary" drug. If you need a drug that is not included in the list of covered drugs, you can do one of these things:
- Take a copy of this formulary to your health care provider and ask them to prescribe a similar drug that is covered by South Country.
- Ask your health care provider to request a formulary exception.*

***Note:** Generally, South Country will only approve your health care provider's request for a formulary exception if the alternative drugs included on South Country's formulary would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include the following:

- **Prior authorization:** South Country requires you or your health care provider to get prior authorization for certain drugs. This means that you will need to get approval from South Country before you fill your prescription. If you don't get approval, South Country may not cover the drug.
- **Quantity limits:** For certain drugs, South Country limits the amount of the drug that we will cover.
- **Age requirements:** Some drugs have age requirements. A prior authorization may be needed depending on your age and the specific drug prescribed.

You can find out if your drug requires prior authorization, has quantity limits, or has an age requirement by looking in this list of covered drugs. An exception to a drug restriction or limit can be made if your doctor submits a statement or documentation supporting the request. Refer to *Prescription Drugs* in Section 7: Covered Services of your Member Handbook for more information. You can also get more information about the restrictions applied to specific covered drugs by calling Member Services at 1-866-567-7242, TTY users call 1-800-627-3529 or 711, or by visiting our website at www.mnscha.org. Also refer to "Can I ask for an exception to the coverage restrictions?"

Excluded Drugs: Some drugs are excluded from the list of covered drugs. This means they are not covered. Excluded drugs include the following:

- Drugs used to treat sexual or erectile dysfunction
- Drugs used to enhance fertility
- Drugs used for cosmetic purposes, including drugs to treat hair loss
- Drugs excluded from coverage by federal or state law
- Experimental drugs, investigational drugs, or drugs not approved or authorized by the Food and Drug Administration (FDA)
- Medical cannabis

Can I ask for an exception to the coverage restrictions?

Yes. You or your health care provider can get the *Minnesota Uniform Form for Prescription Drug Prior Authorization (PA) Requests and Formulary Exceptions Form* from www.mnscha.org or by calling Member Services at 1-866-567-7242, TTY users call 1-800-627-3529 or 711. Your provider must return this form to the fax number or address listed on the document. To allow for a thorough review and to ensure that you or your health care provider receives a response within 24 hours, all information requested in the form should be provided, including documentation of which medications have been tried and failed, including the dosages used, and the identified reason for failure (for example, side effects).

What will a prescription cost?

Medical Assistance-covered drugs no longer have copays. You do not have cost sharing for drugs covered by Medical Assistance. MinnesotaCare members may have copays. All copay information for prescriptions is listed in the Member Handbook Section 6: Cost-Sharing. If you have additional questions, call member services at 1-866-567-7242, TTY users call 1-800-627-3529 or 711 or by visit our website at www.mnscha.org.
